Code-It[®] Window

Convenient and secure electromechanical coded locking handles

Using patented technology, Code-It[®] helps secure your inwardly opening windows and doors. With the use of a personal code, Code-It[®] allows you to easily and securely unlock your windows without the use of keys.

Code-It[®] Highlights:

- Convenient, secure key-less operation
- Effectively locks windows and doors from the inside
- Enhanced safety with flexible locking positions, including 90° angles and ventilation mode
- Simple installation, no wiring
- Separate locking button
- Improved security through ease-of-use and key-less operation
- Blocking function when wrong code is repeatedly entered
