Transform your door into a smart one. Get the ENTR™ smart lock solution that allows you to control your door lock right from your smartphone, tablet and a variety of other access devices.
Get Security, Convenience and Smart Control.

ENTR™ is an easy upgrade product to your existing door lock. Remove your old door cylinder, install the ENTR™, you are now access controlled.
Combining Mul-T-Lock high security products with today’s advanced technology, ENTR™ gives you secure, convenient keyless control over the access to your home. You have a variety of ways to unlock your door, program scheduled access authorizations and much more. ENTR™ lets you control access to your home via a mobile app, fingerprint reader, pin code reader or remote control — select the best option to suit your needs or any combination of them.
With ENTR’s App you can lock and unlock your door, right from your smartphone, tablet or other Bluetooth-enabled device, giving you 24/7 control and management capabilities.

- Create, duplicate and use virtual keys to open your door right from your smartphone, tablet or Bluetooth-enabled device
- Uses encrypted Bluetooth smart technology, non-dependent on network reception
- Receive notifications – locked / unlocked door, battery power level
- Self-management of virtual keys and program scheduled access authorizations
- Technical support interface using your smartphone
ACCESS CONTROL 24/7 FROM YOUR SMARTPHONE
ENTR™ Solution Highlights:

- Ideal for most door types and sizes
- Easy to install on your existing door – no drilling or wiring
- Battery operated – not dependent on power or cables
- Secure, encrypted wireless communication between system elements
- Automatic locking – shut the door and it will automatically lock

High Security Access Options

ENTR™ provides you with a variety of devices that give you access control. Select those that best suit your needs and provide you with the most convenience.

- Fingerprint
- Remote
- Smartphone
- Code
**ENTR™ Touchpad Wall Reader**
Predefine up to 20 different codes. Once a code is programmed into the touchpad, you will be able to use it to securely unlock the door. Easy to install and program.

**ENTR™ Fingerprint Wall Reader**
The fingerprint wall reader gives control and functionality, allowing you to define up to 20 users. You will be able to use both authorized fingerprints and codes. Authorization for users can be managed and Scheduled.

**ENTR™ Remote Control**
Self adding remote control unlocks the door from a distance, both from indoors and outdoors. Easy to add and remove. The system can handle up to 20 remote controls.

**Easy To Use, Easy To Charge**

**ENTR™ Chargers**
ENTR’s rechargeable batteries are powerful and eco-friendly. With two charging options – Wired Charger and Wire-free Charger – you can simply and conveniently keep your ENTR™ fully operational.
