# ArmaDLock

## Convenient, Secure Hasp Locking System

ArmaDLock is a hasp locking system that secures rear hinged doors and side sliding doors for commercial vehicles, as well as for all hinged doors, including non-automotive applications.

Rugged and lightweight, the push-lock cylinder contains a strong locking bolt that unites both sides of the lock. This helps to secure your commercial vehicle and everything it carries.

ArmaDLock fortifies security wherever hinged doors are used – commercial vehicles, buildings and residential applications – with convenience:

- Easy to use - with the push-to-lock mechanism, you won't need a key to lock up
- Simple, fast installation - ArmaDLock was designed for convenience starting from installation
- Flexible keying options - such as an optional keyed-alike kit for rear and side doors or any other combination
- Wide-range of uses - not just for commercial vehicles, ArmaDLock can be used to lock utility and service cabinets, regular doors and more
- Fits all commercial vehicles - not matter what the model, ArmaDLock universally fits all vehicles and its round design seamlessly integrates with all exteriors

With its diverse range of features, ArmaDLock's smart design provides you with the flexibility to address the security needs for a wide range of applications – including your entire commercial vehicle fleet.

## Designed for rugged use

- Light-weight
- 12mm steel locking bolt
- Non-corrosive lock body
- Soft seals and cylinder dust cover prevent dust and humidity penetration

**Universal installation kit** - each ArmaDLock contains all the hardware you'll need for any possible type of installation.

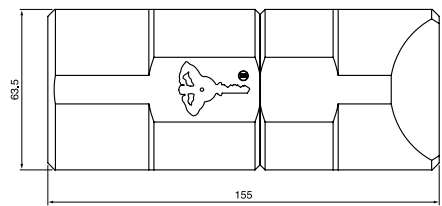

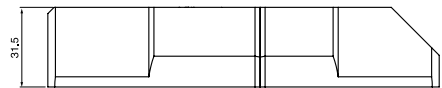

**Operating options** - key retaining version and key-only locking.

**Range of keying options** - ArmaDLock can be keyed-alike or work within a master key system.

**For commercial vehicles**, there are two versions, slightly different in shape for vehicle rear doors (also applicable to any hinged door), and side sliding doors.

**ArmaDLock can be fitted** with any of these leading Mul-T-Lock cylinder platforms:

- 7x7°
- Classic
- Integrator°
- Interactive°+
- MT5°+
- CLIQ°

New demo block is available to easily demonstrate ArmaDLock to your customers.
